EXPERIENCE

, Riding app using MERN stack

- Ride Booking: Users can select pickup and drop-off locations.
- Real-Time Fare Calculation: Uses basic arithmetic operations to compute ride costs dynamically.
- Live Ride Tracking: Updates ride status and location in real-time.

, Public Grievances using MERN stack

- Led the implementation of a client-facing complaint management system using the MERN stack.
- Communicated requirements with users and incorporated feedback into the live platform.
- Integrated secure authentication and role-based access using JWT and Express middleware.
- Documented features and changes clearly to help future users and developers.

EDUCATION

Muzaffarpur Institute of Technology

Bachelor of Technology in Information technology • 2021 - 2025

St Johns Academy, Vaishali

Inter • 2018 - 2020

Shiksha Niketan School

Matriculation • 2017 - 2018

LICENSES & CERTIFICATIONS

The Joy of Computing using Python Data Base Management System

SKILLS

C • C++ • Python • OOPS • DBMS • DSA • OS • HTML • CSS • Reactjs
